

Underbridge Inspection Unit ABC 60 L

Self-propelled working unit

Max. horiz. outreach below construction	6,00 m	Total length	7,35 m
Width of platform (basic/telescopic)	1,00 m	Total width	2,20 m
Max. lowering depth	4,00 m	Transport height	3,90 m
Max. vertical overbridging	1,70 m	Petrol power unit Permissible up to max. wind speed of 12,5 m/s. Driving licence category: B Equipment on platform Power connection 220 V	
Max. horizontal overbridging (noise barrier)	2,00 m		
Max. load on platform (incl. equipment)	300 kg		
Max. capacity on extended telescopic platform	150 kg		
Rotation area of platform	135 °		
Permissible longitudinal gradient	6 % (3°)		
Space required on bridge	2,00 m		
Total weight	3.500 kg
